

Scope of Work

Company Name: Dwelling Home

Location: Western Odisha

Industry: Home Interior Design and Execution

About Us:

Dwelling Home is a specialized home interior solutions provider operating across western Odisha. We focus exclusively on delivering high-quality interior work using ply, ceiling, and related materials, tailored to the client's vision and needs.

Scope of Work

1. Initial Consultation and Design

- Meet with clients to understand their interior design requirements, preferences, and budget.
- Provide expert consultation on layout, materials, and design options.
- Develop 3D interior designs to offer clients a visual preview of the proposed interiors before construction or execution begins.

2. Client Approval

- Present 3D design models to the client for review and feedback.
- Finalize the design based on client approval, ensuring alignment with their expectations.

3. Material Procurement

- Procure high-quality materials (ply, ceiling, etc.) according to the approved design and our internal warranty standards.
- Source materials from trusted vendors to ensure durability and quality.

4. Installation and Execution

- Carry out on-site installation and execution work as per the approved 3D designs.
- Coordinate with skilled labor and technicians to ensure timely and precise execution.
- Maintain strict adherence to project timelines, safety standards, and quality benchmarks.

5. Quality Assurance and Warranty

- Conduct thorough quality checks post-installation to ensure all work meets our standards.
- Provide a 5-year warranty covering materials and workmanship as per the company's warranty policy.

6. Project Handover

- Handover the completed project to the client along with warranty documents.
- Offer post-handover support and address any client queries related to the project.

Summary:

Dwelling Home provides end-to-end home interior solutions, from design visualization in 3D to material procurement, installation, execution, and final handover – all backed by a 5-year warranty. Our goal is to transform living spaces into functional and aesthetic environments that meet the unique needs of our clients.
